

The Solana starter pack

The Token Supercycle. Your calendar is already over capacity.

WALLET

Phantom installed

Opening your wallet every five minutes does not count as networking.

WALLET

Solflare, too

One wallet was apparently too peaceful.

MOBILE

A Seeker in the wild

You came to a conference. You are now comparing phones.

INFRA

Jito on the brain

Someone says latency. The conversation gets very serious.

DATA

A Pyth conversation

You asked for directions. You got a price feed.

BUILD

Metaplex energy

You said hello. Someone said: we should mint this.

PAYMENTS

Bridge mode

Every coffee chat eventually becomes a payments conversation.

COLLECT

OpenSea side quest

You came for the talks. You stayed to discuss the collection.

BUILD

Colosseum goals

Arrive with an idea. Leave with three co-founders and no sleep.
